This bi-monthly bulletin covers literature relating to clinical governance, with a section devoted to patient safety, and should be of interest to a variety of NHS staff. It is intended as an information tool to help you keep up to date with developments in your area of clinical expertise and interest. It is not an expression of organisational policy. The inclusion of a guideline, system, tool or similar in this newsletter does not imply that it is used, or should be implemented, within NHS Greater Glasgow and Clyde.

Many of the following articles are available online via the NHS Scotland Knowledge Network. Please use the links where provided and your ATHENS login. A complete list of available online journals and registration for ATHENS can be found at [www.knowledge.scot.nhs.uk](http://www.knowledge.scot.nhs.uk).

If the reference you require is not available on the NHS Scotland Knowledge Network and you would like a copy, please use our online requests service at [www.quest.scot.nhs.uk](http://www.quest.scot.nhs.uk) or [www.knowledge.dd.scot.nhs.uk](http://www.knowledge.dd.scot.nhs.uk).

Critical appraisal is an essential part of evidence-based practice and involves systematically evaluating evidence to establish whether it is valid, accurate and relevant. For introductory resources, visit the [Critical Appraisal Tools pathway](http://www.knowledge.scot.nhs.uk), or StaffNet at [Info Centre > Library > Critical Appraisal Resources](http://www.knowledge.scot.nhs.uk).

This bulletin contains a selection of material gathered from a search of the evidence base, and is not intended to be comprehensive. Professional judgment should be exercised when appraising the material. The Library takes no responsibility for the wording, content and accuracy of the information supplied, which has been extracted in good faith from reputable sources. NHSGGC is not responsible for the content of external internet sites.

**Online Publications**

Please note that the journal articles you are accessing are subject to the terms and conditions imposed by the publisher, so there will be a limit on the number of articles an individual may download or print from a single issue of a journal. You can consult your local NHSGGC library with any queries.
If you have any questions regarding this or any other library services please contact Library staff – contact details are at the beginning of the bulletin.
