Dementia

Nutrition

1. Alzhrani A-J, Stockfelt L, Xu Y, et al. [Long-term exposure to air pollution and validated cases of Alzheimer's disease and vascular dementia in the Malmö diet and cancer cohort](#). *Journal of Alzheimer's Disease*. 2025; 107(1): 337-347.

2. Christodoulou CC, Pitsillides M, Hadjisavvas A, Zamba-Papanicolaou E. [Dietary Intake, Mediterranean and Nordic Diet Adherence in Alzheimer's Disease and Dementia: A Systematic Review](#). *Nutrients*. 2025; 17(2): no pagination.
3. Estrada LV, Malani PN, Vitale CA. [Eating and Swallowing Problems in People With Advanced Dementia](#). *JAMA*. . 2025; 334(6): 550.
4. Tupling OL, Neudorf B, Haghverdian S, Keller HH, McAiney C, Middleton LE. [The feasibility of the virtually delivered dementia lifestyle intervention for getting healthy together \(DELIGHT\) program for people living with dementia and their family/friend care partners](#). *PLoS One*. 2025; 20(8): 20.
5. Wang X, Xin Z, Li X, et al. [Mediterranean diet and dementia: MRI marker evidence from meta-analysis](#). *Eur J Med Res*. 2025; 30(1): 32.

Cognitive Function

1. Choe YM, Choi HJ, Keum M, et al. [High-Density Lipoprotein Cholesterol and Cognitive Function in Older Korean Adults Without Dementia: Apolipoprotein E4 as a Moderating Factor](#). *Nutrients*. 2025; 17(14): no pagination.
2. Dhande SR, Gupta A, Bhosale S. [Standardization of Kushmanda Ghrita and its neuroprotective effect in trimethyltin-induced dementia in Wistar rats: Insights into cognitive function and oxidative stress modulation](#). *Journal of Ethnopharmacology*. 2025; 352: no pagination.
3. Hadley JM. [Communication and end-of-life care in dementia: insights from a close family member working in healthcare](#). *British Journal of Community Nursing*. 2025; 30(8): 380-387.
4. Hao HAN, Masaharu HATANO. [Towards Quantification of Cognitive Function in Dementia Elderly Care Using Multimodal Behavioral Data...20th World Congress on Medical and Health Informatics \(MEDINFO\), August 9-13, 2025, Taipei, Taiwan](#). *Studies in Health Technology & Informatics*. 2025; 329: 866-870.
5. Lin CH, Wang SH, Lane HY. [The double-edged roles of testosterone in cognitive function and behavioral/psychological symptoms of patients with dementia](#). *Psychiatry Res*. 2025; 352: no pagination.

6. Menard A, Clark E, Hagerman L, et al. [Toward compassionate communication: a rapid review on facilitating the dementia disclosure process](#). *Alzheimer's dement*. 2025; 21(8): e70466.
7. Nishiwaki M, Takada S, Otsuka S, et al. [Effects of agricultural or gardening physical activity on cardiovascular disease and dementia-related markers via arterial stiffness, cognitive function, and cerebral white matter status: results from cross-sectional and interventional studies](#). *Front. public health*. 2025; 13: no pagination.

Medicines

1. Itoh S, Watanabe K, Miwa H, Wakui T. [Acceptance of Care Technologies for Medication Management Among Family Caregivers of Community-Dwelling Older Adults with Dementia](#). *Stud Health Technol Inform*. 2025; 329.
2. Rataj AC, Lapane KL, Ott BR, Baek J, Liang S, Alcusky M. [COVID-19 Factors Associated With Medication Changes Among Nursing Home Residents With Dementia](#). *J Appl Gerontol*. 2025; 7334648251332388.
3. Raver E, Jung J, Carlin C, Feldman R, Retchin SM, Xu W. [Potentially Inappropriate Medication Use Among Patients With Dementia in Traditional Medicare and Medicare Advantage](#). *Med Care*. 2025; 63(7): 495-499.
4. Reeve E, Cowan K, Kalisch Ellett L, et al. [Top 10 consumer and healthcare professional priorities for research in the field of quality use of medicines in people living with dementia](#). *Journal of Alzheimer's Disease*. 2025; 107(1): 207-222.
5. Sakiko ITOH, Kentaro WATANABE, Hiroyasu MIWA, Tomoko WAKUI. [Acceptance of Care Technologies for Medication Management Among Family Caregivers of Community-Dwelling Older Adults with Dementia...20th World Congress on Medical and Health Informatics \(MEDINFO\), August 9-13, 2025, Taipei, Taiwan](#). *Studies in Health Technology & Informatics*. 2025; 329: 2028-2029.
6. Taqvi A, Hallahan B, McLoughlin J. [Perspectives of nursing staff regarding antipsychotic medication usage to manage behavioural and psychological symptoms of dementia in nursing homes](#). *Ir J Psychol Med*. 2025; 1-5.

Activity

1. An H, Kim I, Yun S, Shin J, Yang H, Park HY. [Lifestyle Change Motivation & Lifestyle Behaviors Reinforcement Program for Dementia Prevention in Community-Dwelling](#)

[Middle-Aged & Older Adults...American Occupational Therapy Association \(AOTA\) INSPIRE Annual Conference and Expo, April 3-5, 2025, Philadelphia, Pennsylvania.](#)
American Journal of Occupational Therapy. 2025; 79: 1.

2. Bennett S, Clemson L, Gannon B, et al. [Clinical Implementation of a Nonpharmacological Intervention for People With Dementia & Their Caregivers: A Mixed-Methods Pilot Study...American Occupational Therapy Association \(AOTA\) INSPIRE Annual Conference and Expo, April 3-5, 2025, Philadelphia, Pennsylvania.](#) *American Journal of Occupational Therapy*. 2025; 79: 1.
3. Chu M, Yue A, Yan S, et al. [Glymphatic activity in behavioral variant frontotemporal dementia: Link with vascular function and astrocytic activation.](#) *Alzheimer's dement*. 2025; 21(8): e70561.
4. Dörr F, Holle D, Morouj B, et al. [Speech-language therapy and occupational therapy for patients with mild cognitive impairment and dementia: a retrospective cohort study using German health claims data.](#) *BMC Health Services Research*. 2025; 25(1): 1-13.
5. Hoepel SJW, Ikram MK, Ikram MA, Voortman T, Luik AI. [Substitutions of Sleep, Physical Activity, and Sedentary Behaviour and the Risk of Dementia and Stroke.](#) *J Sleep Res*. 2025; e70166.
6. Jeon PR, Yoo E. [Effects of OT on Enhancing Social Participation Among Older Adults With Dementia: A Systematic Review...American Occupational Therapy Association \(AOTA\) INSPIRE Annual Conference and Expo, April 3-5, 2025, Philadelphia, Pennsylvania.](#) *American Journal of Occupational Therapy*. 2025; 79: 1.
7. Larouche J, Parkman S, Condon A. [Student Empathy: The Power of a Virtual Dementia Simulation...American Occupational Therapy Association \(AOTA\) INSPIRE Annual Conference and Expo, April 3-5, 2025, Philadelphia, Pennsylvania.](#) *American Journal of Occupational Therapy*. 2025; 79: 1.
8. Maeshima S, Osawa A, Watanabe Y, Arai H, Bucks RS. [Development and validation of the Japanese version of the Bristol Activities of Daily Living Scale for Dementia and Mild Cognitive Impairment Assessment.](#) *Geriatr Gerontol Int*. 2025; 25(8): 1131-1135.
9. O'Neil HA, Tupling OL, Bechard LE, Middleton LE. [Understanding the Perception of People With Young Onset Dementia on the Experiences, Facilitators, and Barriers of Physical Activity: An Exploratory Qualitative Study.](#) *J Aging Phys Activity*. 2025; 1-12.

10. Raichlen DA, Aslan DH, Sayre MK, et al. [Associations between the 24-h Activity Daily Cycle and Incident Dementia](#). *Medicine & Science in Sports & Exercise*. 2025; 57(9): 1897-1904.
11. Yoshiura K, Murata M, Hamasuna M, et al. [Combination of Exercise and Group Occupational Therapy for Behavioural and Psychological Symptoms of Dementia: A Pilot Randomised Controlled Trial](#). *Psychogeriatrics*. 2025; 25(5): e70085.
12. Zavar I, Kapur J, Mattos MM, Manning C, Hashmi SA, Quigg M. [Active Seizures Predict Worse Instrumental Activities of Daily Living in Individuals With Normal Cognition and Dementia](#). *Ann. clin. transl. neurol.* 2025; 12(8): 1608-1618.

Early Onset

1. [Correction to: Comorbidities in early-onset sporadic versus presenilin-1 mutation-associated Alzheimer disease dementia: Evidence for dependency on Alzheimer disease neuropathological changes](#). *J Neuropathol Exp Neurol*. 2025; 84(9): 844.
2. Faulstich NG, Hilmi Omar S, John O'Brien C, et al. [Sex differences in clinical risk factors for Alzheimer's dementia patients with early-onset and late-onset](#). *Front. glob. womens health*. 2025; 6: no pagination.
3. Loi SM, Tjokrowijoto P, D'Cunha NM, et al. [Lived experience perspectives about gaps and barriers in services for those living with, and those providing care, for people with young-onset dementia in Australia: Findings from the Joint Solutions Project](#). *Australian & New Zealand Journal of Psychiatry*. 2025; 59(8): 729-739.
4. Miyajima R, Yokoyama K, Morimoto T, Ohkawa H, Ikeda N. [Current Practices and Challenges in Work Role Support for People With Early-Onset Dementia at Medical Centers for Dementia](#). *Psychogeriatrics*. 2025; 25(5): e70080.
5. Yu J, Zhang S, Li L, Shen Q. [Dyadic coping experience of persons with young-onset dementia and their spousal caregivers: A review of qualitative studies and meta-synthesis](#). *Journal of Alzheimer's Disease*. 2025; 106(3): 832-841.
